JUNE 2008

FOR IMMEDIATE RELEASE

FALLS CHURCH, VA

Skyline Ultd, Inc., is pleased to announce its award on June 25, 2008 as the United States Department of Agriculture (USDA), 2008 Service-Disabled Veteran-Owned Small Business of the Year, for its 24/7 mainframe operations support for the USDA National Finance Center (NFC) performed in Denver, Colorado.

Flooded by Hurricane Katrina, the New Orleans NFC was moved to Philadelphia where Skyline support personnel provide backup and recovery operations for government stakeholders without disruption. Skyline currently provided all magnetic tape-related functions including monitoring, maintenance, and managing the daily movement of disaster recovery tapes to off-site storage. The NFC provides administrative and financial support using more than 9,000 computer programs for nearly 560,000 Government employees.

Skyline Ultd, Inc. is a Service-Disabled Veteran-Owned Small Business with offices in Washington, Round Rock, and Atlanta, with staff in 54 States and Territories. Skyline employees perform value-added professional services, project management, logistics support, staff augmentation and information technology support.

FEBRUARY 2008

Skyline Hires VA Marketing Support

Skyline is pleased to welcome Kathleen (Kathy) McRoberts who will provide marketing support for the Falls Church office. Prior to joining the Skyline Team, Kathleen had 32 years of federal service in logistics and support services operations, serving domestically and overseas with Department of State and Department of the Army.
